**Organization of National Conferences:**

Administrative Positions:

- 1988-2000 Course Director, Emory University Department of Ophthalmology Alumni
  - Postgraduate Course
- 1994 Course Director, Hydroxyapatite Implant Symposium

National or International Meetings as Chair or Moderator:

American Anaplastology Association, Atlanta, GA, September 19-20, 1987

Malignant Neoplasms of the Eyelid: Modern Concepts of Treatment, American Academy of Ophthalmology, San Francisco, CA, November 2, 1994

Periorbital Rejuvenation. International Society of Aesthetic Plastic Surgery, Kyoto, Japan, October 24, 2016.

**Research Focus:**

My research focus has been in the areas of essential blepharospasm and orbital tumors. This is strictly clinical research.

**Grant Support:**

Previous Support:

Principal Investigator, Allergan, Inc. A randomized, multicenter double blind, parallel clinical trial to compare the safety and efficacy of Botox (Botulinum type A) purified neurotoxin complex manufactured from Campbell neurotoxin lot 1 to that manufactured from neurotoxin lot 79-11 in blepharospasm patients. Grant \$21,750, 1997.

**Clinical Service Contributions:**

I have single-handedly built the oculoplastic surgery service from the ground up into a comprehensive and clinically busy service within our department.

**Formal Teaching:**

Medical Student Teaching:

Ophthalmic exam. Instruction of University of Michigan second year medical students. March 13, 1984 (2 hrs.)

Ophthalmic exam. Instruction of University of Michigan second year medical students. April 19, 1984. (2 hrs.)

Ophthalmic examination. Lecture and demonstration to Emory University second year medical students. February 19, March 12, April 2, April 23, 1987. (2 hrs. ea.)

Clinical correlations: Orbital anatomy. Lecture to Emory University first year medical students. November 12, 1987. (1 hr.)

Ophthalmic examination. Lecture and demonstration to Emory University second year medical students. February 18, March 17, April 5, April 28, 1988. (2 hrs. each)

Clinical correlations: Orbital anatomy. Lecture to Emory University first year medical students. November 9, 1989. (1 hr.)

Graduate Program:

Oculoplastic Grand Rounds, Department of Ophthalmology, Emory University, 4 times per year, 1984-present.

Biennial oculoplastic lecture series to Emory University Ophthalmology residents 1985-present:

- Diagnosis in oculoplastic disorders (1 hr.)
- Lid and orbital trauma (1 hr.)
- Entropion and ectropion (2 hrs.)
- Facial palsy and lagophthalmos (1 hr.)
- Ptosis and blepharoplasty (2 hrs.)

- Lacrimal disorders (3 hrs.)
- Blepharospasm (1 hr.)
- Benign and malignant lid neoplasm (1 hr.)
- Lid reconstruction (2 hrs.)
- Graves eye disease (1 hr.)
- Diagnosis of orbital disease (1 hr.)
- Vascular orbital tumors (1 hr.)
- Pseudotumor and lymphoma (1 hr.)
- Neurogenic tumors (1 hr.)
- Other orbital tumors (1 hr.)
- Enucleation, evisceration, exenteration (1 hr.)
- Problems in the anophthalmic socket (1 hr.)
- Oculoplastic review, prior to OKAP (1 hr.)

**Specific Lectures:**

1. Orbital anatomy. Lectures to University of Michigan graduate dental students. October 1-2, 1983. (4 hrs.)
2. Orbital dissection course. Lectures to University of Michigan Ophthalmology residents. March 16-17, 1984. (4 hrs.)
3. Orbital anatomy. Lectures to University of Michigan graduate dental students. October 3-4, 1984. (4 hrs.)
4. Various topics in oculoplastic surgery. Lectures to University of Michigan ophthalmology residents 1983-1984. (10 hrs.)
5. Pediatric lid and orbital trauma. Department of Pediatric Surgery, Egleston Hospital. March 16, 1990.
6. Ptosis. Department of Plastic Surgery, Emory University, March 16, 1993.
7. Ocular trauma. Department of Oral Surgery, Emory University, August 30, 1993.
8. Entropion and Ectropion. Department of Plastic Surgery, Emory University, September 17, 1993.
9. Orbital pseudotumor. Department of Neuroradiology, Emory University, September 13, 1994.
10. Ptosis. Department of Plastic Surgery, Emory University. November 14, 1997.
11. Orbital trauma. Department of Oral Surgery, Emory University. July 10, 1995.

12. Eyelid reconstruction. Dept. of Plastic Surgery, Emory University. November 3, 1995.
13. Pediatric ocular trauma. Department of Pediatric Surgery, Egleston Hospital. April 1996.
14. Ptosis. Department of Plastic Surgery, Emory University. February 21, 1997.
15. Lid lesions and dermatoses. Grand Rounds, Department of Dermatology, Emory University. May 15, 1997.
16. Ocular trauma. Department of Oral Surgery, Emory University. November 10, 1997.
17. Ptosis. Department of Plastic Surgery, Emory University, November 14, 1997.
18. Enucleation. Thomas Eye Group, October 21, 1998.
19. Ptosis. Department of Plastic Surgery, Emory University, November 13, 1998.
20. Blephoroplasty. Department of Oral Surgery, Emory University, January 25, 1999.
21. Ocular trauma. Department of Pediatric Surgery, Emory University, February 19, 1999.
22. Lacrimal disorders. Department of Oral Surgery, Emory University, August 9, 1999.
23. Eyelid neoplasms and dermatoses. Department of Dermatology, Emory University, September 2, 1999.
24. Lid tumors and reconstruction. Thomas Eye Group, Atlanta, GA, September 22, 1999.
25. Ptosis anesthesia. Department of Anesthesia, Emory University, December 2, 1999.
26. Blephoroplasty. Department of Oral Surgery, Emory University, March 13, 2000.
27. Entropion and ectropion. Dept. of Plastic Surgery, Emory University, March 28, 2000.
28. Ocular trauma. Department of Oral Surgery, Emory University, July 24, 2000.
29. Lid reconstruction. Department of Otolaryngology, Emory University, September 20, 2001.
30. Ocular trauma. Department of Oral Surgery, Emory University, July 9, 2001.
31. Ocular trauma. Department of Oral Surgery, Emory University, July 1, 2002.

32. Orbital pseudotumor. Rheumatology Grand Rounds, Emory University, March 12, 2003.
33. Lid reconstruction. Department of Otolaryngology, Emory University, March 15, 2003.
34. What every dermatologist should know about oculoplastic surgery. Department of Dermatology, Emory University, June 12, 2003.
